

GLOBALTRANZ®

FTL ADVANTAGE

THE GLOBALTRANZ FULL TRUCKLOAD ADVANTAGE

GlobalTranz brings you the Full Truckload Advantage, encompassing a comprehensive, end-to-end range of cargo transit and logistics solutions, backed by cutting-edge shipping analytics and monitoring technology.

Your GlobalTranz Full Truckload coverage is broken down into expert teams of skilled Carrier Representatives by region with an equipment based focus. Our specified expertise and cost efficiency allow you the ability to conduct your operations in a proactive manner to seize on market trends, seasonality, and most importantly back-haul rates from our carrier partners.

- › Reduced Cost Per Unit
- › Shortened Transit Times
- › Fewer Damages
- › Dedicated Capacity
- › More Cargo Insurance
- › 1000s of Carriers to Choose From
- › Rail or Rubber Tire Options
- › Leverage Aggregate Buying Power
- › 15,000+ Clients
- › Fully EDI Capable

TURN DATA INTO STRATEGIC INSIGHT

Further Driving Freight with Technology, our proprietary software, CommandCenter, provides live, interactive maps with the power to optimize every aspect of your load to our Truckload Teams. Extensive details about weather, fuel stops, and traffic ensure trucks are filled to capacity and loads are delivered on-time.

CommandCenter's technology sets our Truckload Teams apart from the competition. They are truly immersed in your daily strategic planning as an integral asset to your supply chain operation.
