- › Pallet Rates
- › Volume LTL

SUPPLY CHAIN MANAGEMENT

With a leading Warehouse Management System, our team of Supply Chain experts help optimize your business performance by helping to streamline distribution and warehousing needs:

- › Warehousing and Distribution
- › Consolidation
- › Load Optimization
- › Cross-Docking
- › Asset Recovery
- › Dotcom Fulfillment
- › White Glove

FULL TRUCKLOAD

Equipped with an in-house team of full truckload brokers and partnerships with tens of thousands of small to mid-sized carriers, GlobalTranz will find the solution that best fits your business' needs

- › Dry Van
- › Expedited/Team Service
- › Over-Dimensional
- › Flatbed
- › Refrigerated
- › Intermodal
- › Full EDI Suite

EXPEDITED

Expedited shipping means on time delivery is a top priority. Our team of industry professionals provide unique solutions to your most important shipping needs:

- › Next Flight Out/Same Day
- › Next Day Priority
- › Second/3-5 Day
- › Local Pickup and Delivery
- › Distributions
- › Air Charter Services
- › Alaska/Hawaii
- › International Air/Ocean

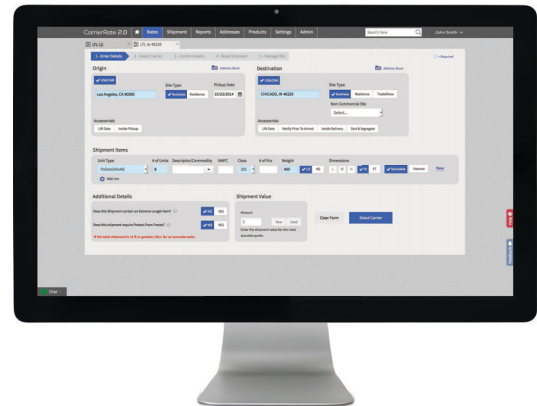

GLOBALTRANZ®

TECHNOLOGY + INNOVATION

CarrierRate 2.0 is an intelligent redesign that looks and feels sophisticated, yet comfortably simple. We've retained the vital elements and familiarity of our flagship, CarrierRate, while delivering a massive leap forward in metrics and advanced communications to forge the most intuitive platform in the marketplace.

- › Online Invoicing
- › Claims Management
- › Inventory Management
- › Warehousing
- › Dedicated Customer Service
- › Freight Bill Auditing
- › Supply Chain Management

CommandCenter provides our logistics specialists with an interactive, real-time dashboard of live maps and analytics in one platform, giving the power to lower costs, increase fill-rates, and respond quickly to customer demand.

Our interactive dashboard gives our agents real time reporting on all historical and current KPI data. Comparative reporting provides unique insight into our agents' sales, customers, and peers. Agents are continuously connected with our built-in chat feature and they can customize their workspace with only the tools they need.
